## Candella's Farm Freezing & Canning Package

Fill your freezer full for the winter. Candella's Farm has a great opportunity to help you stock up for those cold winter days! We are offering a limited number of slots for this new canning & freezing program. You will receive bulk items – to freeze and can – use for yourself or share with family and friends.

The program will include for example:

- 1 bushel green bell peppers
- 1 bushel sweet green Italian frying peppers - this could include a mixture of Italias and Cubanelles or a variety of different sweet frying peppers
- 1 handle basket of hot cherry peppers or 1/2 bushel or Hungarian hots
- 1 bushel green long hot peppers
- 1 bushel canning tomatoes
- 1 bushel Eggplant
- 1 bushel mixed winter squash
- 1 bushel of sweet corn
- 2 end of season Surprise- which could be suntan peppers or a mixture of items!

For example you will get the items listed above. Due to the inherent challenges of harvesting and growing fresh produce, we do have the option to replace items. This is not a program where you give a selection or a list of items - but you will receive 10 bulk items as listed above.

We will work to spread the items out over the next 8 weeks. There might be weeks due to harvest you will receive 2 items in a week – such as canning tomatoes and long hots. We will contact you when the items are ready for pick up so you will need to be flexible and available to come get your items over the next 6-8 weeks. We will be contacting you when the specific items are ready for you. If you do have to pass on something when we call - we understand – however we then have the option to replace with another item or possible double up on something. For example if we call you week 2 and we tell you we have hot cherry peppers and you say I can't take the cherry peppers this week because you are on vacation that might mean you will not get cherry peppers this season however you will not miss out on the total number of items you will receive. Also you cannot skip more than two weeks of taking items when called.

This package is being offered for a price of \$249. One accommodation we will make but we do need to know up front is If you do not want hot peppers we will make replacement with sweet peppers.

No refunds once you sign up. Everyone who signs up acknowledges due to the inherent risks of farming, there are no guarantees on the specific produce that they will receive due to weather extremes, insects, and/or other production factors. We have safe food handling procedures in place to protect the produce; from harvesting, to washing & packing to distribution.
